COMPANY PROFILE

BIKE STARS LEATHER WEAR is an exquisite combination of the spirit of creativeness and the energy of youth. Its existence and continuation is the outcome of the passion and vision of a team of youngsters, who have inherited the proverbial artisanship of Sialkot. Blending the inherited skill with the state-of-the-art technology, they have grown into an organization manufacturing and exporting Motorbike Racing suits, Garments and Accessories the world over. Within a short span of a few years, it has earned the trust of business partners and customers worldwide

Now with our buyers and business partners spread across the globe, we are ready to explore new horizons in the art of manufacturing Motorbike Garments and Accessories.

Our R & D department works round the clock to search the new dimensions in this field. This keeps us in touch with ever-changing global professional and technological scene.

Quite naturally, no business organization stands in vacuum. Therefore, our trusted customers & buyers are the most important other side of the picture. The ever flowing stream of feedback from them keeps us on our toes and brings us closest to the feel of things. Without this support we lose considerably. Hence, we honour the reputation and trust of our customers ahead of everything else.

With **BIKE STARS LEATHER WEAR**, the range of designs, materials and colours is virtually inexhaustible. Apart from the variety in this Catalogue, we can accommodate any Customer-advised specifications and modifications.

The professional and aesthetic demands of any kind can be met without any problem. Under the vigilant eyes of our experts, every stitch is scanned to maintain the highest standards of quality and performance, because three important things are at stake:

Biker's honour, Buyer's reputation and our Pride.

Yours Sincerely,

BIKE STARS LEATHER WEAR Management.

BIKE STARS FOR HIM

BIKE STARS proudly presents its range of men's wear leather jackets, making certain that you always feel your best in jackets with a comfortable soft hand feel. Our Leather have been printed with ECO friendly inks to protect your skin from any harmful chemical agents. What's more, the inks we use are also environment friendly as opposed to conventional printing techniques. With BIKE STARS you can now look great and combat environmental pollution at same time!

BIKE STARS FOR HER

With prints and quality that catch the eye and make you stand out among the rest, BIKE STARS now introduces its women's range of digitally printed leather jackets. Unlike conventional printing techniques, digital printing gives the leather an amazing soft hand feel which ensures the wearer's comfort and maximizes the spunk! Printed with environment friendly inks, our range is just right for protecting your beautiful skin against harsh chemicals.

Choose BIKE STARS for larger than life prints and a lasting printing quality!

BIKE STARS FOR KIDS

To protect the delicate skin of your young one, BIKE STARS introduces an environment friendly digitally printed leather range. Using ECO friendly inks, we at BIKE STARS make sure that your kids wear healthy and smart! Where conventional screen printing technology can cause various skin problems, digital printing ensures a safe and friendly wear.

BIKE STARS – for the health and happiness of your young one!
